- grief, loss and bereavement
- work and life balance
- violence or abuse issues

Confidentiality

Trust is essential - we offer a highly confidential counselling service. Your personal issues and information will not be discussed with your employer, unless you give your consent.

You don't have to tell anyone in your workplace that you want to access our service. You are entitled to a number of free sessions, and you might be able to bring your partner or a family member with you. Sometimes a supervisor will recommend using the EAP service.

What are the benefits of EAP?
